

## **RESOLUTION SUBMITTED BY: THE KINGDOM OF DENMARK**

### **Concerning: Sustainable Energy**

*Ecology and Environment Committee,*

*Upholding* the principle of reaching energy sustainability as agreed upon on previous international treaties, conferences, and protocols such as the Paris Climate Agreement.

*Recognizing* the inadequate process made by countries due to a variety of reasons, such as poverty, national rivalries, and a lack of interest.

*Urging* countries to take further action to fulfill the objective of this conference and their obligations to previous climate treaties and protocols

*Bearing in mind* that unilateralism will not and cannot meet the goal of guaranteeing inexpensive and sustainable access. Only with the joint assistance of all parties participating in this campaign can this program be effective.

1. *Proposes* the expansion of education and promotion framework to further promote the benefits of using renewable energy, which includes:
  - i. Increase promotions of renewable energy on the general public, so that renewable energy can be more popular.
  - ii. To remind the general public of the urgencies for action in regard to ensuring access to sustainable and renewable energy.
2. *Encourages* the co-operations between governments and business companies to launch the development of the renewable energy:
  - i. It is recommended that governments issue a broad renewable policy for private enterprises to adopt
  - ii. Private enterprises are encouraged to contribute technological and educational support or to build renewable infrastructure for the countries, especially for developing nations.
3. *Requesting* higher United Nations organs, such as the United Nations General Assembly, on the possibility of upgrading this organization to United Nation Development Council and Agencies for enforcing climate obligation in future conferences
  - i. Suggest to monitor a country's carbon emissions and to enforce treaties that a country has signed in the past
  - ii. Suggest holding international meetings periodically based on each country's achievements to discuss further actions
